

2023 Early-Buy Catalog

SALE ENDS APRIL 28, 2023

- **While supplies last!**
- Call to schedule your pool opening. First come, first served!
- **Want to use less chlorine? Try Ozone!**
See page 7.
- All equipment prices include installation.*

Welcome to the

SERVICE

2023 Early-Buy Catalog

SALE ENDS APRIL 28, 2023

- **A note about pricing:** As with many industries, the pool industry is experiencing price inflation due to a combination of factors, including limited supply. Pool chemicals, in particular, have been hit hard by price increases. We recommend **stocking up now** as our deep discount sale prices will not be available after the sale ends on April 28.
- A minimum order of \$175.00, not including tax, is required for free delivery in our service area. For orders less than \$175.00, delivery in our service area is available for \$40 or the order may be picked up at our store.
- We offer free delivery (no minimum) at the time of your pool opening, if Aqua Pool is opening your pool.

Schedule your pool opening for spring! Call or email as soon as possible! Please keep in mind that appointments are made on a “first come, first served” basis and may be affected by weather conditions. Email us at service@aquapool.com or call us at 860-623-8374.

**FREE CHEMICAL DELIVERIES ALL YEAR LONG
WITH MINIMUM PURCHASE OF \$175.00.**

Dear Pool Owners,

We would like to take this opportunity to let you know, or remind you, about the services that we offer throughout the calendar year. Our service company, ranked as one of the top 50 pool service companies in the country (Pool & Spa News – October 2022), has the most highly trained customer service representatives and is here to help.

We welcome phone calls or emails for technical support and/or to book appointments for service visits. All senior service technicians are licensed by the State of CT and all technicians are PHTA (Pool & Hot Tub Alliance) trained. Please call any time to discuss any of the products mentioned in this catalogue or to inquire about all the new and innovative products in our wonderful swimming pool industry.

SOME SERVICES OFFERED:

- Spring openings and fall closings with a CT Licensed Service Technician.
- Maintenance programs – weekly, bi-weekly, and monthly services. We also offer vacation maintenance.
- Full retail store that offers free, professional, and computerized water testing along with chemicals, pool toys and equipment parts to purchase. We offer in-store shopping or curbside pickup.
- Office hours are Monday through Friday, 8:00 A.M. to 4:30 P.M.
- Store hours are Monday through Friday 8:00 A.M. to 5:00 P.M.
- Saturday hours are 9:00 A.M. to 1:00 P.M. during the peak pool season.
- After-hours service – Call 860-623-8374 to contact an on-call service representative, follow the prompts for technical support.

Please call 860-623-8374 or email service@aquapool.com with ANY questions. We thank you for your patronage and wish you a long and fun-filled pool season.

**Sincerely,
Aqua Pool Service Team**

Pool Tips from Wilfrid

Aqua Pool's resident expert
and all-around Good Boy

1. Open the pool at least two weeks **BEFORE** you want to use it. This will allow time to get the water filtered and cleared up. You should expect that when the pool is uncovered that the water will **not** be “swim ready”.

2. Open the pool **before** it gets hot outside. Cold water inhibits algae and bacteria growth. Cold water also requires less filtration and fewer chemicals to stay clear (less expensive to operate a pool with cold water). And you won't have to work hard clearing up a green or cloudy water problem. There will be less work, and you will spend less money. Plus you get to enjoy the aesthetics of a beautiful pool versus a winter cover.

3. If you have a heater, schedule an inspection and cleaning service. This is not something normally included in a standard “pool opening”

Follow Wilfrid and Aqua Pool
on Instagram!
@AquaPoolCT

– consider it like an annual home furnace cleaning. The heater will run smoother all year – and more efficiently. Heaters are wonderful winter homes for mice, spiders and other critters, all of which cause issues and reduce efficiency.

4. If you are using us to open your pool, note the following:

a. The water level under the cover needs to be at the middle of the skimmer/tile-line prior to our arrival so we can leave the pool operating properly when done with the opening.

b. If you have a “tarp-style” cover, the water on TOP of the cover needs to be removed prior to our arrival or we will likely not be able to leave the pool operating properly. Also, there are additional charges to remove that water.

5. If you have a sensitive well and are you using that to top off the pool, slowly add water over a period of time. There is no rush and no need to stress out the well or the well pump.

6. Get your chemicals supplies **early**. Material shortages and price increases are now the norm so don't wait to have the years' worth of supplies.

Does your pool need a face lift?

From complete renovations to small-tile repair

Free in-house consultations! Call to set up an appointment. Meet with a Pool Professional to discuss your options!

ClearO3™: For Ozone Pure Water

- The ClearO3™ water purifying system is the perfect addition to any pool for the cleanest water. Ozone actively breaks down non-living waste in pool water which can combine with chlorine to form unhealthy by-products.
- ClearO3™ reduces chemical demand by up to 60%, making chemicals work more effectively.
- Introducing ozone into the pump actively removes chlorinated compounds, increasing the lifespan of pool filters and other pool equipment.

Description	Regular Price	Sale Price
ClearO3™	\$1,339.00	\$1,069.00*

Jandy Salt Water Sanitizer

Experience a high quality of water your family will purely enjoy

The AquaPure system utilizes water softening technology to provide wonderfully smooth and gentle-on-the-skin water. Say good-bye to irritated eyes, itchy skin, green hair, faded swimsuits.

Just Add Salt! Dissolve low levels of ordinary salt in your pool and watch the AquaPure system work. Chlorine is generated automatically and naturally. Once the chlorine’s purification work is done it automatically converts back to salt.

Description	Regular Price	Sale Price
Jandy Salt Water Sanitizer	\$4,819.00	\$4,379.00*

POOL LIGHTING

Upgrade your pool/spa lights to LED fixtures.

- No more replacing of incandescent or halogen bulbs
- LED Technology is the wave of the future in energy efficiency, lifetime value, and quality.
- LED is available in plain “white” or “color changing”.
- Most LED lights can be controlled by your pool automation system.

Contact us for pricing and further details.

Children Aren’t Waterproof!

Safety Tips

- There is no substitute for adequate supervision.
- Never leave a child alone out of eye contact in or near a pool or spa - **not even for a second!**
- Access to the pool or spa should be limited by locked doors and gates whenever swimming or soaking cannot be supervised.
- Keep toys, especially wheeled toys, away from pool or spa. A child playing with these could fall in accidentally.
- Do not allow anyone of any age to swim without a ‘spotter’ nearby.

Examples of good safety behavior by adults are important for your children!

Do not use pool if suction outlet covers are broken or missing.

SDX 2-Drain Cover

High Performance Safety Drain for pool safety.

- Comes with adaptable backplate to retrofit suction fitting up to 10” in diameter
- Available in many colors
- A scuba diver may be required at added charge
- VGB compliant
- Drain covers need to be replaced 5 years from the date they are installed

Please contact the office for additional information and pricing.

FLOATING ARM: PA 25

Pool Patrol floats on any size, shape or type pool surface and will activate an alarm when children or pets fall into the pool. The sensing ring is adjustable so that it can be controlled to activate only when an object the size of a child or pet falls into your pool. The alarm comes with easy-to-use tie-down strings and hooks. This enables the Pool Patrol to be secured to the side of your pool.

Description	Regular Price	Sale Price
